## Summary

Greetings, I am Marwan, a skilled Front-end Software Engineer with a passion for building creative and innovative projects. My expertise in developing web applications is evidenced by my extensive portfolio, which is available for review on my GitHub profile.

My goal is to utilize my software development abilities and creative drive to create meaningful projects that help people. I am proficient in several programming languages and frameworks, including HTML, CSS, JavaScript, TypeScript, API, React, Bootstrap, Git, and GitHub.

With a keen eye for design and a strong grasp of modern web development technologies, I am confident in my ability to produce high-quality and visually appealing projects that meet the needs of end users. I look forward to collaborating with individuals and organizations to build exciting new applications and solve complex problems through technology.
